- Good teamwork
- Passion for technology

## LANGUAGE

- Native Spanish
- Basic English

## RESUME SUMMARY

I excelled as a front-end developer specializing in tools like JavaScript and React.js. My dynamic and proactive approach has allowed me to stay up-to-date with the latest technological trends. I am ready to take on new challenges and open to opportunities in Canada. My experience includes successfully implementing the agile SCRUM methodology. Furthermore, I consistently expand my technical skills with Next.js, TypeScript, and MongoDB, with the aim of driving success in future projects.

## EXPERIENCE

**Software Developer** 2022 - Current

Company: Ditec

Currently, I excel as a Front-end Software Developer, utilizing React.js, at my current company. Additionally, I have gained valuable experience working on projects involving React Native. Throughout my tenure, I have been primarily focused on the development of an e-commerce platform for a prominent US-based company known as 'BuckedUp'.

**technological development** 2020 - 2022

Company: ArboT

At this company, I performed tasks in both software and hardware. ArboT was a company specialized in robotics development, and my responsibilities were varied. They included tasks ranging from 3D design, basic electronics, and problem-solving to device assembly and programming.
